

You Can Get Health Care, Even If You're an Undocumented Adult

ANY QUALIFIED ADULT 26-49 CAN NOW GET MEDI-CAL THROUGH COMMUNITY HEALTH PLAN OF IMPERIAL VALLEY

California Governor Gavin Newsome signed into law Medi-Cal expansion to include undocumented adults. He did this to provide equal and just health care for all Californians. As a result, Community Health Plan of Imperial Valley will offer Medi-Cal benefits to all Californians despite their immigration status (living in the United States as a legal resident or not), starting January 1, 2024.

People who are able to get Medi-Cal can get complete health care despite their immigration status. These groups include:

- ✓ Lawful people living in the U.S. long-term, or “green card holders.”
- ✓ Lawful people living in the U.S. for a short-term.
- ✓ Persons fleeing ill-treatment, like refugees and people seeking safety.
- ✓ Immigrants granted short-term secured status.
- ✓ Non-immigrant status holders, like those with worker or student visas.

If you are able to receive Medi-Cal, you can get no-cost health care that covers:

Doctor visits

Hospital care

Telehealth

Vision

Pregnancy/newborn care, and more

When you apply for Medi-Cal, it does not disrupt, or change your immigration status or your status as a United States citizen. Community Health Plan of Imperial Valley does not collect or report immigration status information.¹

You can enroll in Medi-Cal year-round. To enroll, contact Community Health of Imperial Valley Enrollment Services toll free at 888-972-0394 (TTY:711), Monday through Friday, 7:30 a.m. to 6:00 p.m.

For more information about Medi-Cal, go to:

- <https://bit.ly/3yDUBV7>

¹The government does not consider regular Medi-Cal services you receive in the community as part of the public charge determination. Public charge is defined as a non-citizen who is likely to become primarily dependent on the government for support.
