  - Some Community Advantage Plus network providers may have been added or removed from our network after this Directory was published.
  - Some Community Advantage Plus providers in our network may no longer be accepting new members. If you're having trouble finding a provider who will accept new members, call Member Services at the numbers listed at the bottom of this page and we'll help you.
  - To get the most up-to-date information about Community Advantage Plus's network providers in your area, visit www.chpiv.org or call Member Services at the numbers listed at the bottom of this page, 24 hours a day, 7 days a week. The call is free.
- Doctors and other health care professionals in Community Advantage Plus's network are listed in **Section C**. Pharmacies in our network are listed in **Section E.**

You can use the Index in the back of the Directory to find the page where a provider or pharmacy is listed.

B. Background Information about Community Advantage Plus's Network Providers

B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment, and other services.
- The term **"providers"** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
    - It also includes LTSS providers that you may use as a Community Advantage Plus member.
    - Providers that are a part of our plan's network are called network providers.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care** Provider (PCP) is a family practitioner who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
    - Oncologists care for patients with cancer.
    - Cardiologists care for patients with heart conditions.

- Orthopedists care for patients with certain bone, joint, or muscle conditions.

- You may need a **referral** or **prior authorization** for a specialist or someone that isn't your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **Community Advantage Plus** (not your network PCP) must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, Community Advantage Plus may not cover the service, item, or drug.
  - Referrals or prior authorization **aren't** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area;
    - services from a women's health specialist; or
    - behavioral health services.
  - Additionally, if you're an American Indian Member, you may receive services from an Indian Health Care Provider without a referral. We must pay the Indian Health Care Provider for those services even if they're out of our plan's network.
  - More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook.*

- You'll also be assigned a **Care Team**. Your **Care Team** includes your PCP, case manager, personal care coordinator, and may include a plan doctor, nurse, pharmacist, and other health professionals in the areas of behavioral health, preventive health, customer services, social services and health care quality. You, your caregiver, or authorized representative play a key role in the care team. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects.

Your PCP will always get your permission before sharing your medical information with other providers. Members of your Care Team may include:

- A **Case Manager** that helps you manage your medical providers and services.
- Your **Primary Care** Provider
- **Multipurpose Senior Services Program (MSSP)** to help you find and access support for social and health care management services available to you in the community to help you remain in your own home. The MSSP is based out of your local MSSP sites. The MSSP sites are listed on pages 730 of this Directory. (Both the Case Manager and MSSP may work as a part of your Care Team to make sure you get the care you need.)

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). You may be able to have a specialist act as your PCP. You can look in this Directory or contact our Member Services department to check if the PCP you want makes referrals to that specialist or uses that hospital. You can choose any PCP in our network who is accepting new members.

Our plan's PCPs are affiliated with medical groups and Independent Physician Associations (IPAs). When you choose your PCP, you're also choosing the affiliated medical group or IPA. This means that your PCP will be referring you to specialists and services that are also affiliated with their medical group.

- If there's a particular specialist or hospital that you want to use, it's important to find out if they're affiliated with your PCP's medical group. You can look in this Directory or ask Community Advantage Plus Member Services to check if the PCP you want makes referrals to that specialist or uses that hospital.
- If you don't stay within your PCP's medical group, Community Advantage Plus may not cover the service.
- To choose a PCP, refer to the list of providers in **Section C** and choose a provider:
    - that you use now, **or**
    - who has been recommended by someone you trust, **or**
    - whose offices are easy for you to get to.
- If you don't choose a PCP in our network, Community Advantage Plus will choose one for you.
- If you want help in choosing a PCP, please call Member Services at the numbers listed at the bottom of this page, 24 hours a day, 7 days a week. The call is free. Or, visit www.chpiv.com.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at the numbers listed at the bottom of this page and ask **before** you get the service or care.

B4. Long-term Services and Supports (LTSS) providers

As a Community Advantage Plus member, you'll be able to get Long-term Services and Supports (LTSS) if you need them, such as Community-Based Adult Services (CBAS). CBAS is an outpatient, facility-based service program which people attend according to a schedule. It provides skilled nursing care, social services, therapies (including occupational, physical, and speech), personal care, family/caregiver training and support, nutrition services, and transportation. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, your Care Coordinator can help you and your Care Team determine what options are available to support you in the way you want.

B5. How to access Community Advantage Plus's network providers

You may need a referral for someone who isn't a Primary Care Provider (PCP). There's more information about referrals in **Section B1**.

You must get all of your covered services from providers within our network. If you use providers who aren't in Community Advantage Plus's network **(without prior authorization), you'll have to pay the bill.**

> A **prior authorization** is an approval from Community Advantage Plus to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if Community Advantage Plus gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. For some providers, you may need a referral from your PCP.
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services if you're using a specialist or getting other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- Community Advantage Plus works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodation they provide.
- If you need a provider and aren't sure if they offer the accommodation you need, Community Advantage Plus can help you. Talk to your care team or case manager for assistance.

C. Community Advantage Plus's List of Network Providers

This part of the Directory includes a list of Community Advantage Plus**'s network** providers **who participate** in **and accept** Community Advantage Plus. It contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers;
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including Long-term Services and Supports (LTSS) (for example, adult day health) and community support services (for example, peer supports).

Note about Dental Providers: Medi-Cal covers comprehensive dental benefits, which are accessible through Dental Fee-for-Service (FFS), Dental Managed Care (DMC) plans, or Health Plan of San Mateo (HPSM). FFS providers are listed in the *Provider Directory* on the Smile, California website: www.dental.dhcs.ca.gov/Members/Medi_Cal_Dental/Find_A_Dentist/DentalProviderDirectorySearch. DMC providers are listed on the DMC Plans' websites available here: www.dhcs.ca.gov/services/Pages/ManagedCarePlanDirectory.aspx and, HPSM providers are listed here: www.hpsm.org/member/choose-a-provider/find-a-provider.

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, such as languages spoken (including American Sign Language (ASL)) or completion of cultural competence training.

You will find 24 Providers to choose from in this section.

D. Background Information about Community Advantage Plus's Network Pharmacies

This Directory lists the pharmacies that you may use to get your drugs. These are referred to as **network pharmacies** in this Directory. These network pharmacies are pharmacies that **participate in and accept** Community Advantage Plus and have agreed to provide drugs to you as a member of the plan.

While most of the drugs you get from a pharmacy are covered by Community Advantage Plus, other drugs may be covered by Medi-Cal. This can include some over-the-counter medications and certain vitamins. For drugs covered by Medi-Cal, please visit the Medi-Cal Rx website (medi-calrx.dhcs.ca.gov/) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

Please contact Community Advantage Plus Member Services at the numbers listed at the bottom of this page or your Case Manager for assistance.

Community Advantage Plus members must use network pharmacies to get drugs except in emergency or urgent care situations.

- If you use an out-of-network pharmacy for prescriptions when it isn't an emergency, you'll have to pay out of pocket for the service.
- Read the Community Advantage Plus *Member Handbook* for more information.

This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan after we published this Directory.

For up-to-date information about Community Advantage Plus network pharmacies in your area, please visit our website at www.chpiv.org or call Member Services at the numbers listed at the bottom of this page, 24 hours a day, 7 days a week. The call is free.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and Community Advantage Plus's *List of Covered Drugs*. You can find the *List of Covered Drugs* on our website at www.chpiv.org.

D1. Types of pharmacies in Community Advantage Plus's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-order pharmacies send covered drugs to members through the mail or shipping companies.

- Home infusion pharmacies prepare drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Indian Health Care Provider (IHCP) Pharmacies

You're not required to continue using the same pharmacy to fill your prescriptions.

D2. Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 93-day supply of your drugs sent directly to your home. A 93-day supply has the same copay as a one-month supply.
- **93-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 93-day supply of covered drugs. A 93-day supply has the same copay as a one-month supply.

E. Community Advantage Plus's List of Network Pharmacies

This part of the Directory includes a list of Community Advantage Plus's network pharmacies that **participate in and accept** Community Advantage Plus. The pharmacies are listed by ZIP code. To find a pharmacy nearest to your home, refer to **Section E**, List of Network Pharmacies in your ZIP code. You may also call Member Services at 1-888-484-1412 (TTY 1-888-671-3263) 24 hours a day, 7 days a week, for assistance.

You can use any of the pharmacies in our network.

You can also go to the chain pharmacies listed in the Provider/ Pharmacy Directory if you need them in San Diego County.

This page intentionally left blank.

You will find 26 Facilities / Centers to choose from in this section.

Accessibility Codes: P-Parking, EB-Exterior Building, IB-Interior Building, W-Wheelchair, R-Restroom, PD-Patient Diagnostic & Treatment Use, E-Exam Room & T-Exam Table/Scale. You can also go to the chain pharmacies listed in the Provider/Pharmacy Directory if you need them in San Diego County.

E2. Mail-order pharmacy(ies)
You can get prescription drugs shipped to your home through our network mail-order delivery program. Our network mail order pharmacies will obtain your consent before shipping or delivering any prescriptions that you did not initiate.

Typically, you should expect to get your prescription within 10 days from the time that the mail-order pharmacy gets the order. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at 1-888-244-4430, TTY 1-855-266-4584, 24 hours a day. To learn more about mail-order pharmacies, refer to Chapter 5 of the Evidence of Coverage.

E3. Home infusion pharmacies
CommuniCare Advantage will cover home infusion therapy if:
• Your prescription drug is on CommuniCare Advantage's formulary or you have a formulary exception;

• CommuniCare Advantage has approved your prescription drug for home infusion therapy; and

• Your prescription is written by an authorized prescriber.

In cases where you need home infusion therapy, a nurse case manager will be working with you and your doctor to make sure that you have the care you need.

For more information regarding Home Infusion Pharmacy services, please contact Member Service at 1-888-244-4430, TTY 1-855-266-4584, 24 hours a day, 7 days a week. The call is free.
