We Protect Your Privacy When You Choose Community Health Plan of Imperial Valley

At Community Health Plan of Imperial Valley, your privacy is a focus for us. We have strict rules about how we collect, use or release your personal health information (PHI). PHI is information about you. Community Health Plan of Imperial Valley will not use your race, ethnicity, language, social needs, sexual orientation, or gender identity information for underwriting purposes or to make the decision if you can get coverage or benefits. PHI includes your:

- Name
- Address
- Phone number
- Health and demographic information.

You also have some rights about the information we keep about you.

PHI includes information about:

- Your past or present physical or mental health – or condition.
- The health care you've received.
- The payment for that care.
- Your social needs.
- Race, ethnicity and language.
- Sexual orientation and gender identity.

Note: Federal and state laws require Community Health Plan of Imperial Valley to alert you about your rights. We also must alert you of our legal duties and privacy practices about your PHI. Community Health Plan of Imperial Valley's Notice of Privacy Practices describes:

- How we protect your data.
- How we might use or share your PHI.
- Your rights as a member to access PHI.
- How you can ask for changes, limits or where and to whom your PHI gets shared.
- The steps for filing a complaint.

For a copy of Community Health Plan of Imperial Valley's privacy policies:

- 1 Visit **www.chpiv.org**. Scroll to the bottom of the page and click *Privacy Policy* to reach the Notice of Privacy Practices.

or

- 2 Call the toll-free Member Services number on your member ID card.

For questions about the Notice of Privacy Practices, please call Member Services at **1-833-236-4141**.

Know Doctor Wait Times Upfront with Our Guide

How long you will wait to see a doctor depends on your health issue. It also depends on the type of care you need.

The table below shows how soon you should be able to see a doctor. It may be OK to wait longer if it does not harm your health. It's a good idea to make a routine care appointment to see your doctor if:

- You are a new patient.
- Have just obtained health coverage.

Appointment type	Wait Time from Request
Urgent care	
Urgent care appointment with primary care physician (PCP) that do not require prior authorization.	Within 48 hours.
Urgent care appointment with specialist (prior approval needed).	Within 96 hours.
Non-urgent appointments	
Non-urgent care appointment with PCP.	Within 10 business days.
Non-urgent care appointment with specialist.	Within 15 business days.
Appointment for ancillary services for MRI/Mammogram/Physical Therapy.	Within 15 business days.
First prenatal visit with PCP and specialist ¹ .	Within 2 weeks.
Well-child visit with PCP ¹ .	Within 2 weeks.
Preventive health check-up with PCP ¹ .	Within 30 calendar days.
Behavioral health appointments	
Urgent care appointment with non-physician behavioral health care provider or behavioral health care doctor (psychiatrist) that does not need prior authorization.	Within 48 hours.
Urgent care appointment with non-physician behavioral health care provider or behavioral health care doctor (psychiatrist) that needs prior authorization.	Within 96 hours.
Non-urgent care appointment with non-physician behavioral health care provider for routine care.	Within 10 business days.
Non-urgent appointment with behavioral health care doctor (psychiatrist) for routine care.	Within 15 business days.
Non-urgent care follow-up appointment with non-physician mental health care provider.	Within 10 business days.

¹Health plan standard. Appointment scheduled through the provider for a preventive check-up will be dependent on the type of service. A provider may suggest a different schedule based on need.

Note: A business day is Monday through Friday. It does not include weekends or holidays.

If you need help making an appointment, call Member Services at 1-833-236-4141 (TTY: 711). 24 hours a day, 7 days a week. You can get an interpreter (a person who translates speech orally) at no cost to help you at your appointment. Interpreters must be available during the appointment. Call Community Health Plan of Imperial Valley to ask for an interpreter **5 days before** the appointment.

Talk to Us – We Speak Your Language

Is it better for you to read and speak in a language other than English? Community Health Plan of Imperial Valley (CHPIV) has a no cost Language Assistance Program (LAP) to help us talk to each other.

Interpreters help you talk with your doctor, other health care providers and CHPIV staff.

Interpreters are available for you

- You can get an interpreter at no cost for all your medical appointments.
- You cannot be required to bring your own interpreter to a medical appointment.
- You do not need to use family or friends as interpreters.
- You cannot use a child as an interpreter, unless there is an emergency, and no other interpreter is available.
- You have a right to file a grievance if your language needs are not met.
- Sign language services are available upon request.

You can ask for an oral translation or alternate format for any document you get from CHPIV.

You can ask for a written translation for any of these letters

Written translations are available for some documents in Spanish.

- Summary of benefit information
- Form letters or letters letting you know about a:
 - Reduction of service
 - Denial of service
 - Change or end of service
- Notices with important health information
- Right to appeal
- Notice of language assistance
- Medical care reminders

Call the Member Services number on your ID card when you need:

- An interpreter for a medical visit
- A document translated or read to you in your language
- A document in an alternate format
- To tell us your preferred written and spoken language

Please call the number on your ID card at least five days before your appointment if you would like to request an in person or video interpreter. Please allow 10 days for sign language interpreters.

We will do our best to find you an in-person interpreter. Sometimes a telephone interpreter may be the only option available. No-cost telephone interpreter services are available in over 150 languages, 24 hours a day, 7 days a week.

(continued)

Your preferred language, race, ethnicity, and gender identity

Please call us at the number on your ID card to let us know your preferred spoken and written language. We may also ask you:

- Race
- Ethnicity
- Gender identity
- Sexual Orientation

We use this information to improve the quality of services that you receive. You have the option to not answer.

CHPIV will protect your information. Your language, race, ethnic background, gender identity and sexual orientation information may only be shared with health care providers for quality improvement purposes. This information is not used to make decisions about whether you are able to receive coverage or services.

Easy Info

Health care and health insurance can be hard to understand at times. Below are some simple tips to help you know what is happening with your health care.

Ask your doctor three important questions about your health:

1. What is my main problem?
2. What do I need to do?
3. Why is it important for me to do this?

Take a notebook to your doctor appointments.

Here are some simple ways to use your notebook:

Write down the plan that you and your doctor make together.

Be sure to note:

- Questions you have for the doctor
- Instructions you need to follow
- Your test results
- Any medication prescribed
- Ask your doctor to write any important information you need to know in your notebook.

Find Support Quickly and Easily with findhelp

Community Health Plan of Imperial Valley Community Connect, powered by FindHelp is a no cost, online search service that helps you find low or no-cost programs and social services in your area.

Search and connect to services such as medical care, food, housing, financial assistance, and more in one place.

CHPIV will use the social needs assessment results to help connect members to social services when needed. Members can self-refer to these programs, keep track of the referrals, as well as update them. Members can update the status of a referral to got help, couldn't get help, no longer interested, and more.

Connect in three easy steps

- 1 Go to **findhelpchpiv.com**
- 2 Complete a Social Needs Self-Assessment
- 3 Enter a zip code and click *search*

Once you click *search*, you can choose from one of ten categories or select a subcategory, which will contain a list of services that vary based on the ZIP code entered. You can view results in more than 100 languages.

Your social needs are protected. The searches you make on Community Connect are private. No one will contact you and we will not share your information without your consent.

Give Your Baby the Best Possible Start with our Pregnancy Program

Community Health Plan of Imperial Valley Pregnancy Program is Here for You and Your Baby. Every Step of the Way.

A healthy pregnancy, birth and parent should be the goal of all expecting parents and families. That includes:

- Information.
- Resources.
- A true partnership to help ensure you and your baby get everything you need to make a smart start on this journey.

We want to help you take care of yourself and your baby through the whole process.

Let us know about your pregnancy

If you're pregnant, please fill out your Member Notification of Pregnancy form so we can tailor your care and support.

Call **833-236-4141 (TTY: 711)**.

Let us know the call is to complete your pregnancy form.

For more information, please visit **www.chpiv.org**. Or call Member Services at **833-236-4141**.

Meet our case managers

Our case managers are nurses and social workers who can help you throughout your pregnancy. They can help you find resources and answer questions about your pregnancy and medical care. Your care manager can:

1. Help schedule appointments.
2. Provide transportation help.
3. Find resources that will help you get well and stay well.
4. Help with other behavioral and social services.

For more information,
please visit **www.chpiv.org**.
Or call Member Services at
1-833-236-4141 (TTY: 711).

Get the Pregnancy Support and Care You Need with Health Net Doula Services

A Doula is a birthing helper that supports you during pregnancy, birth, and postpartum (the time after birth). If you qualify, Doulas are there to help you either in person or online. The care they provide can take place:

- ✓ During a provider office visit.
- ✓ At birth centers.
- ✓ In the hospital.
- ✓ In your home.

Doulas help birthing people from different backgrounds during pregnancy and after birth. They give support to make the experience better.

Doulas can help you:

- Define and write a birth plan.
- Learn about pregnancy and postpartum.
- Manage your care through the healthcare system.
- Connect with community resources.
- Offer support during labor, birth, and postpartum.
- Adjust to breastfeeding and provide support.

What to expect from your Doula benefit?

- One visit with a Doula to get to know each other.
- Up to eight more visits that can happen during the pregnancy and postpartum.
- Support during labor and birth. (This also applies for a delivery that ends in a stillbirth, miscarriage, or abortion).
- Up to two, three-hour postpartum visits after the end of a pregnancy.

Need help to find a doula? Call Member Services at 1-833-236-4141 (TTY:711).

Help Your Child Have a Beautiful Smile.

Healthy gums and teeth are important to your child's overall health.

Fluoride varnish is a safe and easy way to help prevent tooth decay in children. This service can be done 2 to 3 times a year to help your child's teeth stay healthy. Talk to your child's doctor or dentist about getting fluoride varnish today.

Get Your Voice Heard When You Take Our Survey

You want the best health care out there. We want to give it to you.

One way we can do this is if you help us understand your health care journey.

This spring, you may get the chance to take the Consumer Assessment of Healthcare Providers and System (CAHPS®) member experience survey. We'll mail the survey to select members. It'll ask questions about your experience with your doctors and health plan.

Not all people will get the survey. If you are one of the lucky few selected to take the survey, please respond. Be honest with us. Let us know if we can do better.

Happy with your care? We want to know that, too! Your feedback lets us understand what works and what doesn't.

Your responses are anonymous and will represent the voice of thousands of members. We look forward to hearing from you.

Catch Problems Early with the Proper Health Screenings

Screenings can help save lives. Health screenings can help doctors find health problems early. That's when treatment for diseases may work best.

What's right for you?

The screenings you need depend on your age, gender and other factors. Ask your doctor about the screenings listed below to help you stay healthy.

Screenings	When
Breast cancer	Get a mammogram every year starting at age 40 or as your doctor suggests.
Cervical cancer	Starting at age 21, get a cervical cancer screening (Pap test) every 3 years. At age 30, you can have a Pap test every 3 to 5 years or as your doctor suggests.
Chlamydia (a sexually transmitted infection)	Every year through age 24 for sexually active, non-pregnant people; every year starting at age 24 if at high risk. There are in-home screening options available for chlamydia screening, so please contact your Doctor to discuss if and how you can complete your screening from the comfort of your home.
Colorectal cancer	At age 45, talk to your doctor about which test is right for you. If you are high risk, your doctor may start testing at age 40. There are in-home screening options available for colorectal cancer screening, so please contact your Doctor to discuss if and how you can complete your screening from the comfort of your home.
High cholesterol	Most healthy adults should have their cholesterol checked every 4 to 6 years. Some people who have heart disease, diabetes, or a family history of high cholesterol, need to get their cholesterol checked more often.
Hypertension (high blood pressure)	Every year in adults 40 years or older and in adults at high risk.
Prostate cancer	At age 40, talk to your doctor about testing.
Dental Checkup	Every 6 months or as your dentist suggests.
Depression and/or Anxiety Screenings.	Yearly, or as your doctor suggests.

Sources: American Cancer Society; Department of Health and Human Services; U.S. Preventive Services, Center of Disease Control. Visit www.chpiv.org, under Member Resources, for access to preventative screening guidelines.

Find Complete Health Care Help through Case Management

The health care system can be a challenge. Community Health Plan of Imperial Valley has a team of nurses, social workers and other health care staff who can help. They'll work with you and your doctors to create a health care plan to help you manage your illness and regain your health.

A case manager can:

- Help you find community resources to support your care.
- Help all your providers share information with each other about your care.
- Guide you to make the most of your health care benefits.
- Help you fully understand:
 - Your illness.
 - Your treatment options.
 - Actions you can take to improve your health.

It is your choice whether to take part in Case Management or not. It will not affect your health care benefits.

Case Management can also help if you or a loved one with Community Health Plan of Imperial Valley Medi-Cal has:

- A complex condition. This includes diabetes, coronary artery disease, asthma, congestive heart failure, transplant, end-stage renal disease or cancer.
- A high-risk pregnancy.
- Mental health needs or substance-use needs.
- Stayed at the hospital many times.
- Advanced home-care needs.
- Had a serious injury.
- A terminal illness.

Call 1-833-236-4141 (TTY: 711)
to learn more about how your caregiver or doctor can refer you to the Case Management program. You can also ask for an assessment to find out if Case Management can help you.

Control Blood Pressure and Blood Sugar Levels by Knowing Your Numbers.

Check your blood pressure

A blood pressure test includes two pressure numbers. Systolic is the pressure of blood against artery walls. Diastolic measures the pressure when the heart is at rest between beats. High blood pressure, or hypertension, puts you at a greater risk of getting heart disease. Make sure you talk to your doctor about what numbers are best for you.

Blood Pressure Category	Systolic (mmHg) (upper number)	Diastolic (mmHg) (lower number)
Normal	Less than 120 and	Less than 80
Elevated	120-129 and	Less than 80
High Blood Pressure (Hypertension) Stage 1	130-139 or	80-89
High Blood Pressure (Hypertension) Stage 2	140 or higher or	90 or higher
Hypertensive Crisis (consult your doctor immediately)	Higher than 180 and/or	Higher than 120

Source: American Heart Association

Get your A1C – blood sugar test

An A1C test measures your blood sugar level over the past three months. It is the best way to know if your blood sugar is under control. High blood sugar raises your risk of diabetes and other serious problems, such as heart disease or stroke.

A1C percent	
Below 5.7	Normal
5.7-6.4	Pre-diabetes
6.5 or above	Diabetes

A Healthier Lifestyle Starts with Small Changes

Change doesn't happen overnight.

You can have a healthier lifestyle when you take some small steps to manage your weight.

Members have access to various Krames weight management materials online at chpiv.preview.kramesonline.com.

You can also call the Member Services phone number on the back of your Community Health Plan of Imperial Valley ID card about the resources we have for you.

Don't forget to:

1. Get your prescription filled.
2. Follow the instructions.
If they are not clear, ask your pharmacist to explain.
3. Take it at the right time.
4. Finish all the medicine. Do this even if you feel better before it is all gone.

Please talk to your doctor right away if you feel like the medicine is not working or there is a side effect you do not like.

Protect Yourself and Those You Love with a Flu Shot

Flu season starts as early as October. Get your influenza vaccination (flu shot) as soon as you can! The flu shot is an important way to protect children, older adults, and the community overall.

Every person aged 6 months and older needs this safe shot every year. Ask your doctor about a flu shot today!

Checkups and vaccines are key

Well-child checkups can help ensure that your child is healthy. It is a time for the doctor to check your child's health and development.

This is also the time when your child

will also get any needed vaccines. Your child will need vaccines in the first few years. This tapers off as kids get older. But teens still need booster shots. **Remember, everyone over age 6 months old needs a flu shot every year.** Is your child due for a checkup? Call the doctor's office and make an appointment today!

	Well-child checkups needed around ages:	2 to 5 days; 1, 2, 4, 6, 9, 12, 15, 18, 24, 30, and 36 months
	Well-child checkups needed once a year:	After age 3 and until age 21.

Sources: American Academy of Pediatrics; National Institutes of Health. Centers for Disease Control and Prevention.

Quit nicotine with a guided program

Do you smoke or vape? Contact Kick It California to get help and quit. You can speak with a Quit Coach, join a text program or download a mobile app. Learn about nicotine patches and more!

Visit www.kickitca.org today.

You won't regret it!

English: 1-800-300-8086

Spanish: 1-800-600-8191

Diabetes Prevention Program

The Diabetes Prevention Program (DPP) is a 12-month long program focused on helping Medi-Cal members lower their risk for diabetes through healthy lifestyle choices and weight loss. Eligible members include any member 18 years of age and older at risk for developing type 2 diabetes. Please call the member services number on the back of your ID card to learn more.

Mental Health Matters: Refresh Your Mind, Body and Spirit

With the Teladoc Mental Health (Digital Program), you will find help to:

- Relieve stress
- Improve sleep
- Manage depression
- Reduce fear and worry
- Help with chronic pain
- Move beyond trauma
- And more!

This program provides features such as easy learning modules, weekly action plans, and daily words and tips to help bring hope and healing. You can sign up for this program at www.teladochealth.com.

Questions? Call the Member Services phone number on your Community Health Plan of Imperial Valley member ID card to get help.

You're Covered and Supported with Community Health Plan of Imperial Valley

Community Health Plan of Imperial Valley strives to help you and your family stay healthy.

We make all choices about your care based on your medical needs and your coverage.

We do not reward doctors who deny medical care or treatment. We will review any report of a doctor who does not give medically needed care to our members. Any doctor found to have acted wrongly may have their contract terminated by Community Health Plan of Imperial Valley .

If you have questions about approval of care, you can talk with us in your preferred language. Call us toll-free at **1-833-236-4141** or TTY number on your Community Health Plan of Imperial Valley member ID card. 24 hours a day, 7 days a week.

Get Your Health Plan Information Anytime

Visit **www.chpiv.org** to learn more about how your health plan works. Call the Member Services phone number on the back of your ID card to help you learn how to:

- Get info about covered or non covered benefits, including benefit limits on services received out-of-area and your share of costs.
- Get language assistance to help you learn more about your benefits and how to access care in your preferred language.

Find providers in your network such as hospitals, primary care doctors, and specialists including behavioral health providers.

- Change your primary care doctor.
- Get help with a claim for covered services.
- Get a referral or authorization for care.
- Get care and health services, including out-of-area services, emergency, urgent or after-hours access.
- Make a complaint or appeal a decision.

Learn more about how we assess new medical and behavioral health technology for coverage.

Request free copies of the information used in making a decision about your appeal.

Information regarding your benefits, coverage, share of costs, and Member Rights and Responsibilities can be found in your member handbook. To get a copy, visit us online at **www.chpiv.org**. Go to the bottom of the page and click on *Member Resources*. You may also call us free of charge at **1-833-236-4141 (TTY: 711)** to request a copy.

You Stay Healthier When You Speak Up

Doctors and other health care providers want to give the best care possible. There may be times, however, when you are not happy with the care you get.

Let us know if this happens so you can file a grievance. A grievance lets us know you are unhappy. We use this information to make our services better.

There are three ways you can do this:

- Fill out the grievance through our website. **<https://chpiv.org/grievance-form/>**
- Download the grievance form on our website and mail it or fax it back to us.
- Call us toll-free at **1-833-236-4141 (TTY: 711)** to file.
- We are available 24 hours a day, 7 days a week, including holidays.

Your Doctors Can Talk to Each Other through Your Primary Care Physician

Experts say that each of us needs a home base for our health care. That means having a regular doctor to meet your basic health care needs. This doctor is known as a primary care physician (PCP).

Your PCP can help you stay healthy – or get better when you’re ill. They can treat most minor problems. This means that unless you have a true emergency, you will most likely not need to go to a hospital for this type of care.

Your PCP will also help you manage your chronic health problems, such as diabetes or asthma. Your doctor may send you to a specialist and follow up with you.

They will also work with you and your specialists to keep any health problems under control.

Your PCP can also:

- Give you checkups
 - preventive care, such as shots or health screenings.
- Help you reach a health goal
 - stop smoking or to lose weight.
- Be your partner in wellness.

Get answers to general questions on our Nurse Advice Line

You can talk to a registered nurse any time of day, every day of the year. Call the **24/7 Nurse Line** at **1-833-236-4141 (TTY 711)**

The back of your Community Health of Imperial Valley member ID card has your PCP listed. Call Member Services at **1-833-236-4141 (TTY: 711)** if you need help to find a doctor who is right for you.

Keep Your Medi-Cal When You Keep Your Records Up to Date

Don't miss important info about your Medi Cal benefits.

Make sure that your county office has your correct information. Let your local Medi-Cal office know within 10 days if your information changes.

Some changes may include:

- Moved to a new address.
- Changed phone numbers.
- Changed email.
- Got a new job.
- A pregnancy.
- Had a baby.
- Got married.

If you have any changes, report them to your local county office.

You can contact the county:

- Online
- By phone
- Email
- Fax or
- In person

Renew online

You can make updates and renew your Medi-Cal online. Go to benefitscal.com to create your online account. Click the “Create an Account” link in the upper right corner, below the “Log In” button.

Get Care You Need and Services You Want Through Enhanced Care Management

Enhanced Care Management (ECM) offers services to Medi-Cal members at no cost who have complex health care needs and challenges that make it hard to improve their health. If you qualify, ECM offers seven types of services that can help you with your health and well-being. You will have a care team and your own ECM lead care manager.

You can get help to:

- Extra support to get the care you need. Your care team will help you focus on your health and make sure you get the services you need.
- Create a plan. You and your care team will make a care plan that will include your physical and mental health needs, social services and more.
- Connect with your doctors. Your lead care manager will keep all your doctors up to date on your health. Your care manager can also arrange for the services you receive such as appointments, transportation and more.
- Learn the best way to support your health needs. You and other people who are involved in your care, like a family member, can learn the best ways for you to take care of your health.
- Move you safely from one care setting to another. Your care team will help you move safely and easily if you need to stay at or leave a hospital or nursing facility. The care team will also support you with any issues you may have.
- Work with others involved in your health care, like a family member. Your care team can make sure your family, caregivers and others who support you, know about your health issues.
- Connect you to community and social services. ECM can connect you to other non-health services such as:
 - Food
 - Job training
 - Childcare
 - Disability-related services and more

Need help with ECM services?

Call Member Services at 1-800-675-6110 (TTY:711).

Reach Your Health Goals and Live Healthier with Community Supports

Community Supports (CS) services are available to Medi-Cal members to help you reach your health goals. If you qualify, there are 14 types of services that are offered:

- **Asthma Remediation.** This service provides changes to a home to remove harmful asthma triggers.
- **Community Transition Services/ Nursing Facility Transition to Home.** Services to help you when moving from a nursing home to a home where you must pay for living costs.
- **Day Habilitation.** This program helps you learn skills needed in a home-like setting. The services can include training on how to use public transportation or how to prepare meals.
- **Environmental Accessibility Adaptation (Home Modifications).** A service that offers changes to a home for your health and safety. These may include ramps and grab bars.
- **Housing Transition Navigation Services.** These services can help you find housing and include:
 - Looking for a place to live.
 - How to apply for housing.
 - How to create a housing support plan.
- **Housing Tenancy and Sustaining Services.** A service to help you to keep your home once you've moved in.
- **Housing Deposit.** A financial service to help you secure housing funds such as:
 - Security deposit to get a lease.
 - First month's coverage of utilities.
 - First and last month's rent if required before move-in.
- **Meals/Medically Tailored Meals/ Medically Supportive Foods.** Prepared meals delivered to your home that are based on your health and diet needs.
- **Nursing Facility Transition/ Diversion to Assisted Living Facilities.** Services to help you move out from a nursing home to places like an assisted living facility.
- **Personal Care and Homemaker Services.** Daily living services offered to help you:
 - Bathe.
 - Dress.
 - Clean the house.
 - Grocery shop and more.
- **Recuperative Care (Medical Respite).** A service that provides short-term housing care if you no longer need to be in a hospital, but still need time to recover from injury or illness.
- **Respite Services.** This service provides short-term relief to caregivers of those who need care or support on a short-term basis.
- **Short-Term Post-Hospitalization Housing.** Short-term housing service for mental health or substance use recovery after leaving the hospital.
- **Sobering Center.** A place to get help with alcohol or drinking problems instead of going to an emergency center or jail.

Need help with Community Support services?

**Call Member Services at
1-800-675-6110 (TTY:711).**

Feel Less Stressed and in Better Control with Non-Specialty Mental Health Services (NSMHS)

For Non-Specialty Mental Health Services (NSMHS), you can contact Behavioral Health Services or Member Services for help. NSMHS includes services like:

- ✓ **Dyadic care.**
- ✓ **Family therapy.**
- ✓ **A full mental health review, treatment and more.**

For support to help you find a doctor or telehealth option, call **Behavioral Health Services at 1-888-426-0030**. Or, call **Health Net Member Services at 1-800-675-6110** for further help.

Watch Your Child Grow and Thrive with CDC's Milestone Tracker App!

Track your child's development from ages 2 months to 5 years with the Centers for Disease Control's (CDC) milestone tracker.

Learn how your child plays, learns, speaks and act. The app has fun activities, simple checklists, and tips for kids from 2 months to 5 years old. Photos and videos make tracking milestones easy and fun.

Milestones matter!

Download or scan the no cost app today in English or Spanish. Learn more about the app at www.cdc.gov/MilestoneTracker

Delivering Quality Care in Imperial County

In 2024, Community Health Plan of Imperial Valley (CHPIV) launched as a new health plan dedicated to serving Imperial County. Our focus is on improving healthcare access, enhancing care quality, and ensuring members receive timely and effective services.

Through our Quality Improvement Program, CHPIV works closely with doctors and healthcare providers to support members' healthcare needs. This includes:

- Promoting a healthy lifestyle.
- Providing preventive care services
- Supporting chronic disease management
- Support chronic disease management.
- Expanding access to mental health services.
- Enhancing patient health and safety.
- Ensure proper prescription medication treatments.
- Empowering members with health education. Improving overall healthcare accessibility.

Looking Ahead to 2025

As a new health plan, HEDIS priority measure outcomes for 2024 will be available in the next medical newsletter. While we continue to track performance and improve member services, we are committed to delivering quality healthcare experiences for our community.

If you would like more information about our Quality Improvement Program, please call Member Services at the toll-free number listed on the back of your CHPIV Health ID card.

Community Health Plan of Imperial Valley complies with applicable State and Federal civil rights laws and does not discriminate, exclude people or treat them differently because of race, color, national origin, age, mental disability, physical disability, sex (including pregnancy, sexual orientation, and gender identity), religion, ancestry, ethnic group identification, medical condition, genetic information, marital status, or gender.

Community Health Plan of Imperial Valley:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, and other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages
 - If you need these services, contact the Community Health Plan of Imperial Valley (CHPIV) at 1-833-236-4141 (TTY: 711), 24 hours a day, 7 days a week.

If you believe that Community Health Plan of Imperial Valley has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, or sex (including pregnancy, sexual orientation, and gender identity), mental disability, physical disability, religion, ancestry, ethnic group identification, medical condition, genetic information, marital status, or gender you can file a grievance with:

- **1557 Coordinator,**
- **PO Box 31384, Tampa, FL 33631,**
- **Call 855-577-8234,**
- **TTY: 711,**
- **FAX: 1-866-388-1769,**
- **SM_Section1557Coord@centene.com.**

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, our **1557 Coordinator** is available to help you.

You can also file a civil rights complaint with the California Department of Health Care Services, Office of Civil Rights by phone, in writing or electronically:

- By phone: Call 916-440-7370. If you cannot speak or hear well, please call 711.
- In writing: Fill out a complaint form or write a letter and send it to Deputy Director, Office of Civil Rights, Department of Health Care Services, Office of Civil Rights, P.O. Box 997413, MS 0009, Sacramento, CA 95899-7413.
Complaint forms are available at http://www.dhcs.ca.gov/Pages/Language_Access.aspx
- Electronically: Send an email to CivilRights@dhcs.ca.gov

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
